

How to Get an Immediate Quote

To start your request, add the product — or products — you want to purchase to the **shopping cart**.

Make sure to select the correct **quantities** and **references** before proceeding to the next step.

After adding the product to the cart, click on the **"My Cart"** icon in the top right corner of the page.

Check whether the product(s) you wish to purchase are correctly selected and then click **"View Cart"** to continue.

Let's focus on the bottom of the page, where you will find the **“Create Quote”** option.
Three fields will be displayed for you to fill in:

- 1. **Inquiry No.:** a free field that can be defined by the customer for internal identification purposes only.
- 2. **Desired Delivery Date:** indicate the date on which you wish to receive the material.
- 3. **Notes:** space intended for adding additional information or relevant specifications for the request.

DESCARREGAR PDF

After filling in these fields, click the **“Download PDF”** button.

This step will create the corresponding process internally in the REIMAN system and will automatically generate the quote file.
