

Star Knobs

Aluminum / Stainless Steel

SPECIFICATION

Types

- Type **AM**: Star knobs Aluminum, matte finish (tumbled), threaded stud stainless steel
- Type **AP**: Star knobs Aluminum, polished, threaded stud stainless steel
- Type **ES**: Star knobs Stainless Steel, AISI 303
- Type **A4P**: Star knobs Stainless Steel, AISI 316

Knob

Aluminum

Forged

Matte finish (tumbled) **AM**

Polished **AP**

Stainless steel precision casting AISI CF-8 **ES**

Matte shot-blasted

Stainless steel precision casting AISI 316 **A4P**

Polished

Threaded stud

Stainless steel AISI 303

The threaded stud is screwed in and secured by a cross-dowel.

INFORMATION

Star knobs GN 6336.5 satisfy the dimensions of the DIN 6336 (see page 238) Type L but differ in terms of their non-scooping geometry, which makes cleaning easier and helps prevent possible build-up of dirt.

They are suitable for areas with special hygiene requirements and, thanks to the material used, for applications in highly corrosive environments.

TECHNICAL INFORMATION

- Stainless Steel Characteristics (see page A26)
