

## Sliding door profile

The sliding door profile is intended for lightweight sliding doors and most commonly windows. It attaches itself to the profile slot.

All articles with ".KIT" in their product reference include 2/3 PE bars which ensure the sliding elements' smoother operation.

Material: grey PVC profile.

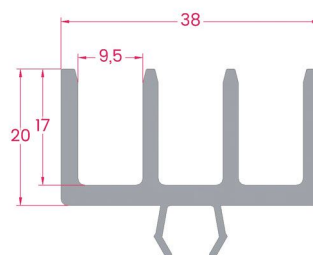

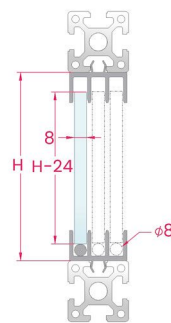

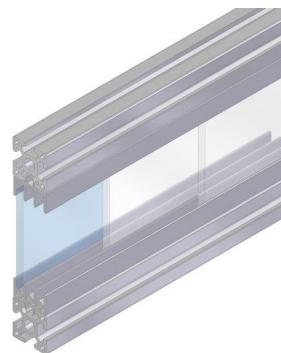

## Perfil de porta de correr

O perfil de porta de correr está idealizado para portas de correr ligeiras e sobretudo janelas. O perfil encaixa directamente no rasgo do perfil.

Todos os artigos com ".KIT" na sua referência incluem 2/3 barras de PE garantido o deslizamento mais suave dos painéis no rasgo do perfil de alumínio.

Material: perfil em PVC cinza.
